## LOCAL ATHLETIC CLUB SUGGESTED FOR CITY YOUTH

Leaders of Church and Business Interests Meet Thursday.

### ASSOCIATION ASKED

Schools, Town and Other Groups Would Furnish Teams for League.

At a meeting Thursday night at 7 o'clock in the Chamber of Commerce rooms, church leaders, members of the Lions Club and representatives of the Chamber of Commerce and schools will discuss the advisability of organizing an Athletic association has been drawn up by Ralph Waner, president of the city basketball league, Prof. A. L. Pentem, of the high school, and Coach M. Z. Thompson of the Teachers college, and have been approved by several ministers of the city.

The plan calls for a board of directors, a president, and a secretary to supervise operations of the association. Every kind of sport known to Ada sport fans will be included in the league, the leading sports of which will be baseball, basketball, football, tennis, track, boxing and like sports. Each sport named will be divided into three groups, the schools, churches and city forming one of each of the three. For example, in baseball, a league would be organized among the ward and high school, and colleges, which constitute the school section. The town team would form another section and a church twilight league would form the third section. This would apply in each case, giving the entire city access to some athletic activity during the entire year.

**Sponsor Clean Sports**  
The keynote of the proposed association will be the promotion of clean sport throughout. It will also have for an object the furnishing of something for young people of the city to do. Girls will take part in tennis and basketball leagues, and minor sports, according to the plan, and a boosters section is to be included which will have as a duty the getting up of pep for the games and contests.

By this plan, not a week of the year need pass without a clean, contest between various organizations and institutions of the city, it was shown today. The plan has been formed so that not a boy or man in the city will be without an opportunity to take active part.

Ralph Waner, president of the city basketball league, and secretary for the Ada baseball team last year has been instrumental in promoting the association idea. He made the following statement today in regard to the meeting tomorrow night:

"The city of Ada has never offered anything in the way of good sports to its young citizenship during the summer. We are continually saying 'DON'T' to everything that appeals to the young fellow. We say 'don't loaf on the streets, don't shoot dice or match pennies, don't play pool, don't go on joy rides, don't go to public dances, and don't do this and don't do that.' While we may have been coaching young people on 'don'ts' we have failed to provide some 'do's' for them. Give them something that will appeal to them stronger than the 'don'ts'."

### Scheme Is Explained

"Here is how the summer entertainment for our young boys and girls stand. During the summer months there is a picture show on week nights and on Sunday there is generally a baseball game. Most important of all, however, is Sunday school, which they all should attend, but which too few do. There is a certain amount of energy in every young man which must find some means of outlet. It is like the steam in a boiler which after collecting to a certain extent, must be given its way. To give this energy something to do, men look to sports. If they are not given the right kind, they will get the wrong kind."

"A city athletic association, supervised by directors and officers who know good sports, would furnish the right kind of amusement for these young men. It would offer them something to do, which they will grow to look forward to, at the same time neglecting the underhand games, which are only too easy for them to learn. A baseball league could be formed under the direction of the association, which could be governed by association rules. This would furnish sports during the summer. At the close of the baseball season comes football and basketball, both favorites with the people here."

"Many complain of non-support of the people for sports here, which prevents the bringing of good teams to the city. If people grew interested enough to support an athletic as-

## LAZY PARENTS BLAMED FOR DERELICT CHILDREN

NEW YORK, Jan. 24.—Parents have grown lazy and are responsible, in the main, for dereliction of boys and girls, Lester F. Scott, national executive of the Campfire Girls, and Miss Helen Farris, member of the executive board, told campfire leaders here.

"Girls and boys should be taught work," said Mr. Scott. "The modern child now is suffering with films, jazz dances and whatnot. The modern girl is fundamentally as sound as her grandmother. It is the surroundings that are all wrong."

## CHANGE IN WATER SYSTEM ADVISED

New Reservoir Should Give More Pressure To Business Area.

H. J. Clark, chief engineer, and Clifford Anderson, electrical engineer, of the Oklahoma Inspection Bureau, were in Ada today looking into the condition to determine if Ada can be given a better rating on fire insurance. It was explained by the inspectors that the matter had been taken up with them and they were of the opinion several improvements had been made in the water department, which would justify the better rating.

When the men reached Ada and went over the water system, they say they found several things that must yet be done. The new reservoirs southwest of the city have not been and are not now being used properly. They state that the pressure has been around 52 pounds in the business section whereas it ought to be around 69 pounds.

**City Officials Agree.**  
These conditions can be remedied, the inspectors stated, and the city commissioners assured them the corrections will be made immediately. With this assurance on the part of the city officials, they decided to withhold the official inspection for thirty days and give Ada a better rating if that is possible.

They suggested that the business men might take time by the forelock and get their premises in good condition before the thirty days have expired.

Ada at this time has a rating of eight, while some cities in the state have a rating of five. If the water system is in proper condition and other necessary things are done within the month, the inspectors are of the opinion the city can be put in the seventh class and possibly in sixth.

## Sunken Ship Gives Liquor Dealers An Invaluable Harbor

(By the Associated Press)

PENNSACOLA, Fla., Jan. 25.—When Uncle Sam's gunners made a target of and sank the old battleship Massachusetts with shore and mobile batteries of big guns two miles from shore in the Gulf of Mexico off here last year they unknowingly provided liquor runners with an ideal transfer point for cargoes of wet goods from the Bahamas for Florida.

The Massachusetts is lying in about fourteen feet of water at low tide with part of the hull projecting above the surface. Prohibition officers recently learned that the vicinity was frequented by many fishermen, although there were few fish in the adjacent waters, and suspecting something, went aboard.

No liquor was found for the reason that the importers probably had been tipped off to the impending visit but the sleuths discovered hundreds of whiskey bottle labels, broken bottles and cases, while the atmosphere reeked with the odor associated with saloons and distilleries.

There is no way of telling how many corn whiskey distilleries there are in Eastern Oklahoma nor how many gallons are "bottled in the barn" every month, but there is no doubt but that the total capital invested in the industry ranks right up with that invested in more sedate and less clandestine industries.

The only way of getting any check on the number of bootleggers is to count those who are caught and hauled into court. No one imagines that all of them are caught, but at

least the number who do answer for their deeds is respectable.

Farmers Chief Officers.

Yesterday 119 informations charging violations of the national prohibition laws were filed in the federal court here. Approximately 150 defendants are involved in charges, and this batch of cases represents only a few weeks' work for the "boozie hounds" of the districts. About 35 were indicted on boozie charges by the grand jury which was convened by Judge R. L. Williams early in the month.

Nearly every county in the district is represented in this sheet of cases. Farmers form the largest single group in the number, but doctors, business men, taxi drivers, and many other professions are also represented.

Booze cases flow into the district attorney's office here so fast that a

## Pope To Be Buried Thursday Afternoon

Above at right is the first photo of Pope Benedict XV. his papal robes to reach the U. S. after his election by the sacred college. At the left is an informal photo of him taken when he was visiting with his invalid brother, the Marquis della Chiesa, in the Vatican gardens. Below at left is a photo of a remarkable painting of the pope by Antonio Farres, celebrated Spanish artist, made by special commission from his holiness. At right the pope is shown with Knights of Columbus from the U. S. in the Vatican gardens. He had just celebrated mass with them at the shrine of Madonna Della Guardia.

## CITY MAY BUILD UP A WINNING BASEBALL SQUAD

Ada's chances for another baseball championship are believed by local sport authorities to be considerable, if plans now being made for an athletic association materialize.

Several experienced baseball men have expressed their desire to join the Ada club next season many forsaking bigger offers, if it can be arranged for them to get something to do to help defray expenses while they attend school here.

In case plans for the association are carried out, these men will be furnished jobs that will pay their room and board while they are students. This will enable Ada to build up an amateur organization, it is believed, that will be near invisible, the strongest the city has boasted. As soon as the school season is over these men will be whipped into form for the team that will compete with others of the state for the state amateur pennant.

Several men who held berths on the local association last season will return. Paul Young will be back on third sack and Johnnie Fain at second. Ben Rutledge may return to first base and "Lefty" Waner, who has signed with Joplin in the western League, has a chance to withdraw his intention of doing so if local prospects look good. Ralph Waner, last years shortstop, has a prospective contract with Okmulgee in the Western Association but is withholding his signature awaiting the outcome of local plans for the athletic association.

### Notice O. E. S.

Regular meeting of Ada Chapter Thursday evening at 7:30.—Margaret Peay, secretary. 1-25-1t

When women wear knee-high boots lots of them will have to be introduced to their friends again.

**Main Points in Pope's Life**  
Succeeded late Pope Pius X. Born at Pegli, Italy, Nov. 21, 1854, in diocese of Genoa.

Ordained priest in home land, Dec. 21, 1878.

Served as secretary of Nonciature in Spain from 1883-87.

Appointed secretary to late Cardinal Rampolla in 1887.

Appointed substitute secretary of state in 1901.

Elected to post of adviser to holy office in 1907.

Appointed archbishop of Bologna, Dec. 16, 1907.

Named cardinal by Pope Pius X, May 25, 1914.

Elected pope, Sept. 3, 1914.

His full title: Pope, Benedict XV, bishop of Rome and successor of St. Peter, supreme pontiff of the universal church, patriarch of the west, primate of Italy, archbishop and metropolitan of the Roman province, sovereign of the temporal dominion of the holy Roman church.

**ROME, Jan. 25.**—The funeral of Pope Benedict XV will be held at three o'clock tomorrow afternoon, it was announced at the vatican today.

People today continued to arrive from all parts of Italy, tramping through the open air of St. Peter's in the hope of getting a glimpse of the body. More than a half million persons have filed past the funeral bier in the two days the body has been lying in state.

Meanwhile cardinals from foreign countries continued to arrive for the conclave of the sacred college of which the new pontiff will be elected. Cardinal Mercier of Belgium, who is looked upon as somewhat of a "darkhorse" in the election, is expected to arrive in time for the funeral.

It is acknowledged on all sides that he certainly will poll more votes on the first ballot than any other foreign cardinal.

In the election, interest centers largely on its possible effect on the relations between the vatican and the Italian government.

## RECHECK SHOWS SHORTAGE STILL IN JONES' BOOKS

Oklahoma City, Jan. 25.—A recheck of the books of W. B. Jones, commissioner of finance and accounting and ex-officio city treasurer, has corroborated a previous check which revealed a shortage of approximately \$10,000, according to a report made late yesterday by City Attorney T. P. Holt, of Ada, to R. F. Wood, assistant attorney general.

The second check was paid for by Jones, after ouster proceedings had been instituted against him by the attorney general's office, according to Mr. Wood. Mr. Jones is now on bail on an embezzlement charge brought by the county attorney.

## Burglars Get Small Amount of Cash in Roff Raid Tuesday

Two business establishments at Roff were robbed last night Sheriff Bob Duncan was advised in telephone communications early today. Burglars entered the Thomas Mercantile company, the advice stated, and rifled the safe for about \$55 in cash. County officers said today they were informed that the Thomas safe was not cracked but had been left open when employees closed the day's business Tuesday. The report was not been confirmed and few details could be learned on the robbery.

Another store, the name of which is still unknown to county officers, was also robbed and a small amount of goods taken.

**OKLAHOMA WEATHER**  
Tonight and Thursday partly cloudy, rising temperature.

## JEALOUS WIFE SHOOT HUSBAND AND SECRETARY

PHILADELPHIA, Jan. 24.—Mildred Geraldine Reckitt, stenographer for Oscar Rosier, head of an advertising agency, was writing a business letter when Mrs. Katherine Rosier burst into Rosier's office Saturday afternoon and shot her husband and the girl, according to statements from the Rosier agency.

A legal battle is expected over the estate left by Rosier. On his death bed late Saturday, he wrote a one sentence will disinheriting his wife and three months' old baby and left his property to an eight year old son by a previous marriage and Rosier's brother, Arthur.

## MORE TIME GIVEN FOR VACCINATION

City Health Officers Says Kiddies May Have Four Additional Days.

More time has been allowed school children to be vaccinated, according to an order issued this morning by Dr. M. M. Webster, city health officer, the extension being until Monday, January 30.

Following is Dr. Webster's statement:

"I find it practically impossible for physicians of the city to vaccinate all children of the public schools by Thursday morning, January 26. I am, therefore, extending the time limit to Monday morning, January 30. I have instructed the superintendent of the city schools to admit all children to school until Monday, but on that date, I have authorized him to admit no pupil who does not have a certificate of vaccination or whose previous vaccination has not been passed upon or who does not have a certificate based upon immunity in having previously had smallpox."

"I am also instructing the superintendent of schools to notify all pupils who desire to be vaccinated at the expense of the county to report at the office of the city health officer over the First National bank in company with their parents either Thursday, Friday or Saturday, on which dates all such cases will be taken care of without expense to parents. I wish to emphasize that the children of all such parents must be accompanied by their parents and must come on the dates specified above."

"I have made arrangements to vaccinate the children at the negro school Thursday, January 26, beginning at 1 o'clock. All pupils of the negro school who wish to attend school on or after January 30 will be required to show their certificate of vaccination."

"A certificate of vaccination from any physician in the city will be considered sufficient evidence of vaccination, so far as school enrollment or attendance is concerned at this time. In case of those who claim to have been successfully vaccinated at some previous time, a certificate to that effect from a physician of the city will be sufficient and such statement or certificate in writing will be taken as a valid certificate of vaccination. All parties who claim immunity on the grounds of previously having had the disease must see me and substantiate their claims by affidavit or otherwise. When such claims have been established, a certificate to that effect will be issued which will satisfy all requirements for school enrollment or attendance."

"Dr. M. M. Webster, M. D."

Only two cases of small-pox have been reported during the past week. These two cases constitute the entire amount of smallpox in the city this year, doctors say. Both are men and are reported to be making progress towards recovery today.

Capt. J. C. Cates who was brot back from a Shawnee hospital recently, following an operation, is reported worse today.

## LOCAL LEGION TO ASK EMPLOYMENT FOR ITS JOBLESS

Post Seeks Co-operation With Business Men to Reduce Want.

### TO VISIT SICK VETS

Ex-Soldiers' Organization Plans Extensive Work of Service.

Norman Howard post of the American Legion shouldered its earnest last night the responsibility of caring for its own unemployed.

Co-operation between the Legion and the Chamber of Commerce as well as all local business interests, in an effort to relieve the greatest extent possible the forced idleness in the ranks of Ada and Pontotoc County former service men was heartily endorsed by the post. A committee will be appointed at once by Gilbert F. Polly, post commander, to tackle the situation.

This is what was pointed out in a business meeting of the post at the Legion hall last night. As in accordance with a general move that has been inaugurated by the ex-soldiers' organization to render a signal service to the men who served during the war and now find themselves out of work.

Although unemployment here has not reached the acute stage it has in other places, it was said, it still demands some attention.

Caring for sick members of the American Legion is another service the post will render. As in assistance with a general move that has been inaugurated by the ex-soldiers' organization to render a signal service to the men who served during the war and now find themselves out of work.

**Social Committee Named.**  
Joe Allen, Carlyle Gowing, W. M. Emanuel, and Mayo McKeown were appointed as a social committee to arrange for a Legion dance to be held February 22. This event, a Washington Birthday celebration, opens an extensive program of social activities that have been planned for the post by its activities committee. Some event, either a social attraction, a sport carnival, or other form of amusement will be staged each month.

Tomorrow night Norman Howard post will sponsor a series of boxing bouts, to be staged at the Legion hall. Proceeds of the event will be used to furnish the hall and make it "a real home for the Ada post," the commander said this morning. Charles Hanson, chairman of the Legion athletic committee, Walter Wray, and Paul Young were appointed to supervise furnishing the hall.

Instructions were also issued at the meeting last night to Bailey Bobbitt, post treasurer, to buy flags and other equipment for the local Legion.

## China Must Consent Before Wireless Is Placed on Her Land

WASHINGTON, Jan. 25.—Consent would have to be given by the Chinese government for the erection of wireless stations in China under a resolution proposed to the far eastern committee of the Washington conference today by Elihu Root, of the American delegation. The resolution, after discussion, was referred to a drafting committee with a view, it was understood, of consolidating it with an agreement thus far reached on wire communication in the far east.

While the far east committee was engaged in consideration of the wireless resolution, arrangements were commenced for a meeting later in the day for a five power naval committee of the conference. Whether the Pacific fortification question—the uncompleted portion of the naval treaty—would be taken up was not ascertained.

Earl Fentem went to Oklahoma City this morning on business.

## MEETING OF DEMOCRATIC COMMITTEE POSTPONED

On account of the prevalence of small-pox in this county we deem it advisable to postpone the meeting of the Democratic County Central Committee, which was called to meet January 27, 1922, to a later date.

You will be advised in writing five days in advance of the date of the postponed meeting, which is provided for in the Democratic State Constitution.

F. F. BRYDIA, Chairman.  
HARMON EBEY, Secretary.  
Democratic County Central Committee.  
MRS. MINNIE G. HOPE, County Chairman.

## TIME TO STOP.

Now and then the American people have to demand certain things of the law making bodies. Just at this time there is a dangerous tendency in our national law making, and unless the citizens of the various states begin to make the real sentiment of the country felt, we will drift into dangerous waters. While the so-called "maternity bill" was passed with the best of intentions, generally speaking, it is a flagrant violation of local self government, and we predict it will never be effectively enforced. It would be perfectly proper in a state, but is out of place on our national list of laws.

Others throughout the country are becoming alarmed over the dangerous tendency. Governor Miller of New York a few days ago expressed the matter in these words:

"Under the guise of extending Federal aid to education, it is next proposed to subject the educational systems of the States to similar Federal supervision, and if that tendency is not checked we may expect the gradual extension of Federal supervision over every State activity, for the passion to regulate and the appetite for place and power will grow by what they feed on, and just as rapidly as we build up a bureaucratic system at Washington and accustom our people to lean on the Federal Government just so rapidly shall we destroy local enterprise, local initiative, individual self-reliance and our capacity for self-government.

"This extension of Federal power will be urged, as it has been begun for worthy objects, at the insistence of worthy people, and will result as similar efforts already tried have resulted—in the great waste of public funds and in the creation of expensive and well-nigh useless Governmental agencies, both State and Federal.

"I have no quarrel with the object sought by the sponsors of the Sheppard-Towner bill. We passed an act in this State last winter empowering localities to provide prenatal and maternity care. That work can only be done effectively and economically by local agencies, public or private, and the will to do it, if it is to accomplish any good, must spring from local spirit and enterprise, which cannot be created by a Federal bureau.

"It is to my mind a cause for misgiving that the exercise of such power appears to pass with little or no effective challenge either within or without the Congress. The time has arrived to call a halt, to ask every patriotic citizen who loves our country and cherishes its institutions to take note of the goal to which the course upon which we have entered will inevitably lead."

## BOOB VS. RUBB.

The Fort Worth Record expects to see the following definitions shortly:

Universal Dictionary, 1922: RUBB—A man who owns a potato mine and who gets \$2 a bushel for wheat; who rides in a large seven passenger automobile with a chauffeur, is a director in three banks a railroad, has three sons in college, a stock ticker in his house, a high golf score and high blood pressure and other fashionable ailments.

Universal Dictionary, 1922: BOOB—Man who lives in town, travels underground like a mole, pays ninety cents a dozen for eggs, sleeps in a folding bed, keeps about three jumps ahead of the blue envelope, has a charity box shaken under his nose every five minutes, a delicatessen stomach, a squeaky phonograph, a globe of gold fish and can live entirely without fresh air.

An old ranchman in western Texas, who passed the century mark three of four years ago, and who in his younger days had quite a reputation as a fighter, says the whole secret of that reputation as well as in everyday business is never to acknowledge being whipped. In the scrap which brought him the most notice a dozen double fisted railroad construction hands jumped on him, one knocked him down with an iron bar and the entire bunch was poundig him almost to a jelly. When things were at their worst he managed to get out a pewter bladed knife which would hardly cut butter. He began slashing at his assailants with this and they beat a hasty retreat. Wrigley, the chewing gum millionaire, in a recent interview said he had been flat broke three times but no one ever knew it because he kept it to himself.

Notoriety does not last long as a cash asset. Only a few years ago the papers ran column after column of stuff about Evelyn Nesbitt Thaw. For a time she was before the public in the movies and in vaudeville, but others with newer records came along and crowded her out of the spotlight. Sometime ago she opened a tea room in New York but the public had so far forgotten her that trade was slack and her entire equipment was dumped out on the street a few days ago because she was behind with the rent. The life of a butterfly may be delightful while it lasts, but it soon ends.

It is suggested that the name of the A. and M. College be changed and the institution henceforth be known as the State College. This does not appeal to us. By all means let the name indicate the purpose for which the school was founded.

## THUMB PRINTS PROTECT DEPOSITORS IN POSTAL SAVINGS DEPARTMENT NOW

Girl depositor furnishing the postoffice with her fingerprints at the Chicago postoffice.

In addition to the use of a personal identification card which depositors must present to identify themselves, the Chicago postal authorities are now doubly protecting depositors by taking their finger prints. Their finger prints are compared with these records later when they wish to withdraw money.

## The Forum of the Press

### A National Disgrace

McAlester News Capital  
Many who read this would have died on the battlefields of France or been permanently crippled, had it not been for the American soldiers now known as disabled veterans.

They stopped the enemy and his bullets. That shortened the war—ended it before more of the folks back home were drawn into the casualty lists.

The lucky ones who came through the war uninjured are enjoying peace. But the war goes on forever for the disabled soldier.

In most cases, his battle will last until his death.

And it is a battle that he is fighting largely alone.  
More than three years have passed since the Armistice. The disabled war veterans, far from enjoying the comforts that are rightly theirs by all laws of decency, again are compelled to fight for fair, square treatment by the national government.

The details of this fight are being told in the news columns of the News-Capital.

The situation discloses gross neglect and an almost criminal stupidity in mishandling the disabled soldiers.

It is becoming an old story. And it is shadowed by talk of "national ingratitude."

There is, however, no ingratitude. The American people are fully aware of the tremendous debt they owe their crippled and maimed heroes.

The American people stand ready to foot the bill for whatever is necessary to give these men a square deal.

Responsibility for this national disgrace is somewhere in Washington.

Put will call the kettle black. The buck will be passed freely between Congress and the Veterans' Bureau. The unscrupulous will coin political capital out of the situation.

After all is said and done the real trouble is nothing but red tape and stupidity. It is unbelievable that any American official or representative is voluntarily throwing obstructions in the disabled veterans' path.

What is needed in Washington is a little common sense.

In all the history of our republic, there never has been as black a disgrace as the neglect of disabled veterans. The public, refusing to believe that Uncle Sam's efficiency has fallen to zero, demands action, fast and thorough.

### The Seasoned Employment Tragedy

Ft. Worth Record  
Human vision, ingenuity and effort are daily overcoming what were once considered insuperable obstacles in the realms of science, mechanics and pathology. They are strangely impotent in overcoming some of the great tragedies of human life, entrenched by custom, the habits of men and the traditional lethargy of the human animal—man.

One of the great tragedies of habit is that of seasonal employment which throws millions of men out of work at the very season when human resources are most needed to combat the rigid conditions of winter weather, when poverty brings its most severe sufferings and idleness is a punishment either in condemnation to chilly streets or overcrowded tenements.

With out salubrious climate, we in Ft. Worth do not feel keenly the extreme pinch of seasonal employment as does the north. Nevertheless habit is so strong that we follow the lead of the north and east and have fallen to a great extent, into the routine of busy times and dull times.

Within the last year or two a beginning has been made on a movement to spread local work over the entire year. It is safe to say that in most of Texas, there are not five days a month for five months of the year that are cold enough to interfere at all with outdoor work, such as building. Road work, construction work of all kinds, including concrete, can be carried on twelve months in the year.

More acute conditions exist in the portions of the country where there are seasonal extremes of weather. In Texas the problem is largely one of overcoming habit and intelligent planning. In the north and east there must be a readjustment of work so as to give inside work to outside workers in winter. It will also probably involve, the Chicago Tribune suggests, in discussing the problem, co-operation by the government, transportation of workers to warmer sections of the country and the shifting of endeavor on great public works from north to south in winter.

Unemployment, especially without fault of the idle man, is probably the greatest single cause of unrest, radicalism and bolshevism. It is idle for those with means to say that the workingman should save the money he makes in summer for the winter idleness. The main cause of seasonal employment in the coal business, for instance, is the habit of the buyer to delay buying until fall. If he were prudent and bought more coal in summer, coal mines could work the year round without congesting railroad yards and coal dealers' piles.

Seasonal employment is curable. Nearly all unemployment is. But it will require united and earnest effort and planning to eliminate it. Human habits are hard to overcome, but the stake here is so large the effort should be made.

## Political Announcements City of Ada

The News is authorized to announce the following as candidates for the respective offices of the city of Ada, subject to the primary election:

FOR MAYOR—  
W. H. FISHER  
W. T. MELTON  
GARY KITCHENS

For Commissioner of Public Works and Property:

J. D. FAUST

For Sheriff:  
JOE E. SLOAN

County Commissioner, Dist. No. 2.  
CHARLEY LASEMAN

## Is That Cold and Cough Hanging On?

YOU will be convinced that Dr. King's New Discovery does just what it is meant to do—soothes coughs, raw throats, congestion-tormented chests, loosens the phlegm pack and breaks the obstinate cold and gripe attack, relieves the congestion in the head. No harmful drugs, therefore good for children as well as grownups. Right away you will notice the change for the better. Has a convincing, healing taste that you will appreciate. Buy a bottle at any drugists on the way home to-night, 60c.

## Dr. King's New Discovery For Colds and Coughs

Lazy People, Lazy Bowels. Don't neglect constipation. It undermines the health, takes all vim out of you. Dr. King's Pills will invigorate the system, stir up the liver, move the bowels. All drugists, 25c.

## PROMPT! WON'T GRIPE Dr. King's Pills

## Lepers Diminish On Quarantine Island of Hawaiian Group

(By the Associated Press)

HONOLULU, T. H., Jan. 25.—The leper settlement on the Island of Molokai contains fewer patients than at any time in the past fifty years, according to the statement of J. D. McVeigh, superintendent of the colony, on a recent visit here. The decrease, he said, was due to the treatments with the chaulmoogra oil specific evolved by Dr. A. L. Dean, president of the University of Hawaii.

Practically all of the 485 patients at the colony now are taking the Dean treatment, Mr. McVeigh said. In commenting upon the popular belief that the children of lepers are afflicted with the disease, Mr. McVeigh, who has been superintendent for many years, said that "both mentally and physically, the children of leprosy parents measure up as well, if not better, than these of healthy parents."

### Children Well Trained

"These children are not only normal, but they also have the advantage of the training that is given in the splendidly conducted homes for the children of lepers throughout the world."

Permission to purchase 600 pounds of chaulmoogra oil, from which the Dean specific is derived, has been given by Governor Wallace R. Farrington to Dr. F. F. Trotter, president of the territorial board of health, in order that the territory's supply might not be exhausted. D. Trotter, in a letter to the governor, pointed out that Dr. Heiser of the Rockefeller Foundation announced recently that the Philippines government would purchase three tons of the oil and that this would virtually consume the world supply.

The territorial board of agriculture has established a chaulmoogra plantation at Waialae, this island, where several thousand saplings have been planted, in order that the increasing demand for the oil may be satisfied.

Seals find their way home after swimming two or three thousand miles.

## PEOPLE OF OUR TOWN

The Henpecked Husband got Tangled Up in a long-winded Card Game down at the Club on his One-Evening-a-Month-Off and is Now on his way Home at midnight for a Fierce Bawling-Out by an Expert. His Wife expects him to Work every day Supporting Her and to Stay Home every night Entertaining Her.

## NEW YORK FEARS SPREAD OF 'FLU' WILL BE COSTLY

NEW YORK, Jan. 25.—City health officers were today taking steps to block the further progress of threatened influenza and pneumonia epidemics, which were stimulated, they claimed, by the rapidly growing number of cases in greater New York since the first of the year.

Dr. Royal S. Copeland, city health

commissioner, speaking before members of the Queen Chamber of Commerce last night, uttered an emphatic warning.

"Under this present condition," he said, "an epidemic disease might get such a start in the congested areas as to sweep the entire city and kill a million. New York is worse off today than it was during the terrible epidemic of 1918, because of the housing situation.

"For the sake of the health, morals and safety of New York, houses must be built."

M. C. TAYLOR S. L. McCLURE

**WOMEN WILL BE GUESTS AT LION MEETING JAN. 17**

The Lions Club will have the women as guests at the next regular meeting, January 17, meeting at 7:45 in the evening. This was the plan as outlined at the regular semi-monthly meeting at the Harris hotel this noon. A committee consisting of W. E. Harvey, T. B. Blake and B. H. Epperson, will make arrangements. Dr. Sam McKee, Harmon Ebey and Dr. A. Linschold will arrange the program.

The meeting was not well attended, due to the urgent business resulting from the New Year. The meeting was not without interest, however, and enthusiasm predominated. Notice was given that W. L. Whitaker is preparing a report on the developed resources of Ada which will be given at a future meeting.

A committee composed of F. L. Finley, W. G. Moser and Langford Shaw was appointed to confer with Foster McSwain in reference to the theatre situation in the city.

Robert Wimbish was appointed lion tamer, whose duty it will be to tame the young lions when they enter the dens.

M. M. Harwell, agent of the Katy, explained the reduced freight rates and said he would do what he could to get others which affect this county.

The Club was delighted with a short talk by A. D. McMillan of Toronto, Canada, who was a guest of Langford Shaw. Mr. McMillan is visiting the family of his brother-in-law, B. Diefenderfer, superintendent of the quarries at Lawrence.

**Nebraskan Would Force France To Repay War Debts**

(By the Associated Press)  
WASHINGTON, Jan. 3.—The administration would be directed, under a resolution introduced today by Representative Reavis, republican of Nebraska, to demand repayment of France of money loaned her by the United States during the war. Mr. Reavis, in a statement said prompt payment of the debt should be insisted upon because France had indicated her intention of expending "large sums of money on increasing naval armaments."

**CORONADO LABOR CASE REARGUED FEBRUARY 27**

(By the Associated Press)  
WASHINGTON, Jan. 3.—The Coronado case, one of the most important labor and industrial cases to come before the supreme court in the last decade, was today ordered set for re-argument February 27. The court also set for argument on the same date two other labor cases including the act of the state of Kansas setting up a court of industrial relations.

**HUGHES AND BALFOUR ASKED INTO MEDIATION**

(By the Associated Press)  
WASHINGTON, Jan. 3.—Arthur J. Balfour and Secretary Hughes have been approached by the Chinese arms delegates regarding the existing deadlock with the Japanese on Shantung and have been asked to mediate, it was learned today on high authority.

**MARY'S DIVORCE WORST AND LAST OF ITS KIND**

(By the Associated Press)  
CARSON CITY, Nev., Jan. 3.—Mary Pickford's divorce from Owen Moore "was the worst of its kind and should be the last of its kind" Attorney General L. B. Fowler, declared in a closing brief filed in the supreme court here today in his action to have the decree set aside.

**Wheat Prices Break.**

(By the Associated Press)  
CHICAGO, —an. 3.—Excited trading in late dealing in the wheat market today broke prices as much as 7 1-2 cents in some cases. The close, although very nervous, was at a slight reaction from bottom figures, with May \$1.07 3-4 to \$1.08 and July at \$1.07 3-4 to \$1.08.

**Economic Issue Up.**

(By the Associated Press)  
WASHINGTON, Jan. 3.—President Harding and the cabinet spent two hours today in discussing the European economic situation and is considering the possibility that the United States might be called into a conference to deal with the subject.

**STATE THIRD IN ZINC PRODUCED OVER COUNTRY**

(By the Associated Press)  
WASHINGTON, Jan. 3.—Mine and smelter output of lead in the United States in 1921 declined about 20 percent and the production of zinc fell off about 60 percent, it was estimated today by the geological survey on the basis of reports from operators and others.

MIAMI, Jan. 3.—The output of zinc for the Miami district, including nearby fields of Oklahoma and Kansas, aggregated a total of 215,000 tons in 1921, according to reports of operators of the district. The lead shipments during the year totaled 69,250 tons. The total value was slightly in excess of \$3,000,000, or about one-third of the value of the lead and zinc mines in 1920.

PAWHUSKA.—The Osage Indian agency received a government order to begin paying claims against incompetent Osages, under bill of March 3. The bills amount to more than \$700,000.

The program of the coming meeting of the Oklahoma Educational Association at Oklahoma City is out. The meeting is to be a very extensive affair and participants are carefully selected from the best material in the state. President Linchfield, Mrs. Mabel Brown and Mrs. Charley Bobbitt are Ada representatives on the program.

Five senior engineering students in the University of Oklahoma, accompanied by Prof. G. B. Helmrich, left Ada last night after a two-day inspection of local industries. The class spent Tuesday morning at the American Glass company and shortly after lunch visited the Fair Grounds where several shows are wintering. Yesterday afternoon the students went through the plant of the Oklahoma Portland Cement company.

## HIP HOOPS ARE FEATURES OF LATEST EVENING GOWNS

Pictured here are three charming dance frocks for wear during the holiday festivities. One always feels the need of a new frock at holiday time for the dances, teas, dinners and recep-

tions which always fill those festive days. When so many affairs come all at once one or even two evening gowns were scarcely suffice. These are charmingly youthful models all featuring the hip

hoops and all combining chiffon with some other fabric. Any of these models would make a lovely Christmas gift for the college miss who is always in need of "another" dance frock.

## IN SOCIETY

### Romance Finds Climax.

A beautiful romance, which found its culmination at the bedside of C. L. Cummings, mayor of Tombstone, Ariz., has more than usual interest for people of Ada.

The story of how Miss Margaret Craighead, for years a resident of this city and formerly proprietor of the Needlecraft shop here, met the Arizona mayor while visiting in Tombstone 14 years ago from Muncie, Ind., and how the old friendship ripened into matrimony is told in a recent edition of the "Tombstone Prospector".

"Coming as a surprise, the announcement was made in Tombstone last night that C. L. Cummings, mayor of Tombstone, who has been confined to the hospital in Bisbee, was married yesterday afternoon at the hospital to Miss Margaret J. Craighead, the wedding closing a romance that started 14 years ago in Tombstone when the bride came here from Muncie, Ind., to visit friends.

"Following a friendship formed at that time, much correspondence followed, and friends of the Mayor believe now that it was other and more important business that took Mr. Cummings east on several occasions during the past few years, when he went away on a 'vacation.' 'Only close friends of Mr. Cummings knew that the wedding was scheduled although it was to have taken place over a month ago when he was taken ill and went to the hospital at Bisbee. When his bride found out that he was in the hospital she hastened to his bedside and has been with him ever since.

"Only a few friends were present at the wedding which took place in the parlor at the C. and A. hospital among them Mr. and Mrs. J. O. Woolery, of Tombstone, and Mrs. Mary M. Costello, who had accompanied them to Bisbee. The ceremony was performed by Rev. Mitchell, of Warren.

"Following Mr. Cummings' leaving the hospital, which he will be able to do within a week, they will come to Tombstone to make their home, taking the Cummings cottage on Fremont and Sixth streets, which has been fitted up for the couple.

"The groom is too well known in Tombstone to need an introduction, where he has been one of the substantial citizens for many years, while the bride comes from an estimable family of Muncie, Ind., and is known to a number of Cochise county people. For the past seven years she has made her home at Ada, Okla."

Brydian Entertain Informally. Mr. and Mrs. Fred Brydia, of North Hope avenue, informally entertained a number of friends at their home with a dinner at 6:30 p. m. Tuesday.

Guests were Mr. and Mrs. W. M. Pegg and son, Joy, Mr. and Mrs. Orel Busby, Mrs. Lucille Cox and Leslie Prince.

### SUPERPHONE TO STOP WORK OF EAVESDROPPER

(By the Associated Press) WASHINGTON, Jan. 25.—The "superphone," apparently a simple attachment for telephones which is said to assure absolute secrecy of communication and security from interruption as well as making possible a multiplex telephony, was demonstrated yesterday in the office of the chief signal officer of the army. It was shown that one telephone line to which "superphones" were attached could be used for numerous persons simultaneously and that no party of speakers could interrupt another pair.

Shipping Wages Cut. WASHINGTON, Jan. 28.—Reductions in the wage scales of officers and men on shipping board vessels amounting to more than 15 percent effective February 6, was announced today by the board.

## PACKERS DECLARE STRIKE HURT NONE

Work Was Lessened a Few Days But Move Is Rated a Flat Failure.

(By the Associated Press)

CHICAGO, Jan. 25.—Effect of the strike of packing house workers, continuance of or calling off of which will be voted on tomorrow by locals throughout the country, under orders of headquarters here of the Amalgamated Meat Cutters and Butcher Workmen's Union of America, has been denied by the packers since the inception December 5.

In some plants admissions were made that for a few days work was lessened but recently it was claimed all the plant have been operating fully.

The strike resulted in many clashes between strike sympathizers and the police in Chicago, and in the lynching of negroes in Fort Worth, Texas and Oklahoma City, Okla. Yesterday a total of five men, three whites and two negroes, at Oklahoma City were sentenced to life imprisonment for their part in the lynching at Oklahoma City of Jake Brooks, a negro strike breaker.

In Chicago hundreds of police were assigned to duty in the "back yard" district and in the stock yards about the big plants.

The strike was called after a majority of the Amalgamated Meat Cutters and Butcher Workmen had voted in favor of it, after a wage reduction in various packing centers had been agreed on by workmen's councils, the packing house not recognizing the union but agreeing to negotiate with committees from organizations of their employees.

### Vote On Extending Strike

Oklahoma City, Jan. 25.—Union organizations involved in the packing plant strike here will ballot tomorrow in an effort to determine whether or not the strike, which has been in progress since December 5, will be called off. This announcement was made here today by Fred Kemp, secretary of the local butcher workmen's union, upon receipt of instructions from Chicago, concerning the vote.

## Local Guard Outfits Due for Inspection On Thursday Night

The national guardsmen of Ada will be inspected Thursday night. A representative of the state ordnance department will review the two companies, Battery F and Headquarters company, for the last time this year. Officers of the two units are preparing their outfits.

All men have been ordered to report at the armory on East Main street at 7:00 o'clock sharp. No men will be given leave from this drill, according to officers. This is the fourth drill that has been held this month.

The entire quota of enlisted men of the city were vaccinated for small pox last Monday night. Two hundred points were sent here from Oklahoma City for the work, but on account of the urgent need of getting the men vaccinated as soon as possible, a local drug store lent officers the needed amount of points.

R. C. Rowland, local attorney, will leave tomorrow for Fal Furris, Texas, which is about 200 miles south of San Antonio, to join his wife and little son where they have been for the past few weeks for Mrs. Rowland's health. They expect to return to San Antonio to finish the winter.

## Charlie Polk, One of Lynchers Lived Near Francis Once

Charlie Polk, 19, one of the three white men who pleaded guilty in Oklahoma City at noon yesterday and took life sentences for the lynching of Jake Brooks, negro packing plant employee, was reared in Pontotoc county, near Francis, according to Sheriff Bob Duncan.

Young Polk's father, Alex Polk, was the fourth man arrested in connection with the memorable I. W. W. uprising here in the summer of 1917. When the elder Polk was arrested, officers said, a shotgun and several pocketsful of ammunition was found on him. Charlie Polk has no court record here.

The Polk family moved to Oklahoma City soon after Alex Polk was released from the county jail and have made their home there since.

### Georgia Minstrels.

For many years the country has been toured by the Famous Georgia Minstrels, a company of colored performers, who have established a clientele equal to none, and the announcement that this company will be at the McSwain theatre insures a crowded house, as this season they come with a bright new show with a few of the old favorites retained, but with a complete new folio of fifteen vaudeville acts made up into a program that has plenty of "pep" and a lot of comedy. The wardrobe and scenery is as bright and new as a silver dollar and the peculiar harmony of the singers is always welcome, while the music is a distinct feature.

### HUSBAND AND WIFE DIE OF GAS ASPHYXIATION

TULSA, Jan. 25.—Mrs. Margaret Larey, aged 18, died last night at a local hospital of gas asphyxiation. Her husband was found dead Sunday night of the same cause in an apartment they occupied.

## Renews Strength!

Where there is need for a building-up tonic after prostrating illness, SCOTT'S EMULSION taken regularly, usually spells renewed strength and vigor.

Scott & Bowne, Bloomfield, N. J. 20-26

## FOUR BLIND MEN SET HIGH MARKS IN MICHIGAN U.

(By the Associated Press)

ANN ARBOR, Mich., Jan. 25.—Handicapped by either total or partial blindness, four men are obtaining a higher education at the University of Michigan, and despite their condition are making records envied by those with normal eyesight, according to University professors.

Although no special means are employed by the faculty to assist these students, the four are being aided by teachers and fellow students in the devious ways. Friends read to them and take notes for them in the various lectures.

One of the most notable of the quartet is Gern G. Ensing of Holland, Michigan. Mr. Ensing is totally blind, yet is obtaining an education in machine shop work. He has developed a point system for taking notes in lecture courses and expects to become a teacher at some school for the blind when he completes his course this year. He is aided in his reading by his wife, who has come here to reside.

Ned Smith of Detroit, a freshman, is preparing for law and is regarded as one of the most ambitious students at the university. He goes about the campus unassisted, feeling his way. Friends read to him and copy lectures. Smith's life ambition is to study medicine.

John Bezlock of Detroit, a sophomore, is practically blind, being unable to read. His friends assist him in obtaining a literary education.

J. M. Caldwell of Indiana, Pa., totally blind, entered the university last fall as a means of "passing the dark hours" as he expressed it to friends. He employs two readers in the academic course he is taking. Each of the four entered the university after being afflicted.

PAWHUSKA—Jess Whorten, of Pawhuska, has been selected to represent the Osage County Bar association in Washington. The matter of guardianship for Indians is expected to be the chief purpose of Whorten's duties.

## Not Guesswork

But years of study and constant attention to details has made our pharmaceutical department second to none.

We do not substitute or guess at anything in the drug line. Pure drugs compounded just as your doctor orders it is our motto.

## Where Your Taxes Go

How Uncle Sam Spends Your Money in Conducting Your Business

By EDWARD G. LOWRY

Author "Washington Close-Ups," "Banks and Financial Systems," etc. Contributor Political and Economic Articles. Leading Financial Editor and a Writer of Recognized Authority on the National Government's Business Methods.

XV.

### INCOMPETENTS ARE KEPT

The annual turnover in the government service is something almost incredible. No business corporation, however strongly established, could long endure the heavy annual drain on its resources. Hundreds of men leave the government service daily; and new, untrained people have to be taken on and taught to do the work. This costs money, as every employer knows.

The resignations from the government service are chiefly from the supervisory and most highly paid positions and from the very lowest grades. The men at the top, if they have any initiative or ability or ambition to make a name for themselves, are offered private employment at double or treble or more what the government can pay them. The people in the lowest grades leave for private employment when opportunity affords because in too many instances they actually cannot keep body and soul together on their government pay.

It is the people in the middle class who stay on the longest. The whole constant process makes for a steady deterioration in the quality of the government service and tends to retain the mediocre in public employment.

The civil service commission, through which the great bulk of government employees are brought into the service, is acutely aware of this condition. Its reports give emphasis to the difficulty constantly experienced in securing and retaining competent employees. The rotation in office has become increasingly frequent and vitally impairs the efficiency of the service.

During the war there was a lower rate of turnover in the mechanical forces than in outside establishments. The proposition of separations, however, is excessive in clerical, professional and technical positions, in which the rate of turnover sometimes amounts to a third of the force in a year.

During the nine months preceding the armistice more than 60,000 appointments were made in the civil service and about 28,000 separations occurred—that is, for every two appointments made one person left the service. For a period of similar length following the armistice only 60 per cent as many appointments were made, but there were nearly 33 per cent more separations. In this period almost as many positions were vacated as were filled.

The exigencies of the war required a great expansion of the clerical forces at Washington and elsewhere and this was accomplished by a labor turnover several times above normal. The percentage of declarations of appointments among eligibles on the civil service register increased in many instances from 30 to more than 50 per cent—that is, more than half the men and women who successfully passed civil service examinations and were offered jobs under the government refused to take them. It is estimated that more than 950,000 of those who met the test were appointed during that time.

The civil service commission says flatly:

"Those familiar with the federal service at Washington know that the service is now hampered by the retention of incompetents whose removal is rendered difficult by influences which are incompatible with the efficiency of the service. Preferences and exemptions increasingly clog the departments with persons who, no matter how inefficient, are difficult to remove, and whose retention tends to destroy the discipline of the service."

Among these inefficient, of course, are the supernumeraries and the physically incapacitated. The bureau of efficiency estimated, before the passage of the supernumerary retirement law, the number of employees in the civil service of the United States seventy years of age and over as follows:

Number	
197	Railway postal clerks.....
45	Rural letter carriers.....
230	City letter carriers.....
387	Post office clerks.....
228	Mechanics.....
1,454	General employees, Dist. Columbia.....
1,612	General employees elsewhere.....
4,063	Total.....

The commissioner of pensions supplies the following compact statement of the age of the employees in the pension bureau:

Number in the classified civil service, 874; age of the oldest employee, eighty-eight; number over eighty years of age, 26; number between sixty-five and eighty, 266; based on age of sixty-five, number eligible for retirement, 292; percentage of employees eligible for retirement, 33.4; average age of all employees, July 1, 1919, fifty-eight.

These old men and women bear the burden of the administration of the complex, intricate and involved procedure under the pension laws having to do with the disbursement of \$222,150,292 in 1920 to 800,000 and some odd beneficiaries.

FAIRVIEW—Teachers' examinations for Major county will be held here three days beginning Thursday, January 26, according to Louisa A. Suecht, county superintendent.

## Farmers' Column

By Byron Norrell

Judge U. G. Winn suggests that this column deals too much in the generalities of farming. He says if any one wants the details of the business he should apply either to himself or Dr. R. F. King.

An experienced orchardist says that a sure way of keeping borers out of fruit trees is to dig the dirt from the foot of the tree to a depth of a few inches and fill up the hollow with chicken manure.

Too much emphasis cannot be laid on the necessity of spraying fruit trees. We have had to failures of the fruit crop, due to the late freezes, but this year we are all hoping for better luck. To be ready to make the most of it, trees should be given careful attention.

**Selecting Hatching Eggs**  
Strictly speaking, the first step in incubator begins in the breeding pens from which the hatching eggs are taken; the second step is in the selection of eggs which have hatchable qualities, while the third step is the care of the eggs prior to their being placed in an incubator or under a hen. All of these factors have a greater influence than is popularly supposed. In fact, there is no phase of poultry management which reflects so many truths as to the stamina and productive qualities of a flock of fowls as incubation, provided the caretaker will stir himself to look into the matter.

If poor hatches result it is a mistake to condemn the incubator or the he without first investigating all conditions preliminary to the actual hatching operation. Sometime the eggs are at fault. Usually it is the case. And it may be that the operator is largely to blame for the shortcomings in the eggs.

Common sense dictates that it is foolhardy to attempt to secure strong, healthy, vigorous offspring from anemic, sickly, inbred parent stock. Prime hatching eggs are laid by fowls in prime condition. Strong chicks, the kind that thrive in the brooder, are hatched from prime eggs. These are natural laws, from which there is no evasion, no escape.

As pointed out above, the incubator operator's first step is to be sure that the parent birds possess all the requirements of good breeders, and that they are in sound health. Until this condition is made sure, hatching is a gamble. It need not be the gamble that some fear, however, if the breeding stock is alright, because incubation, whether natural or artificial, is in reality a very simple process.

Needless to say, eggs intended for hatching should be set as soon as possible after they are laid. Not alone because the new-laid egg hatches earlier than the egg which is kept a couple of weeks, but because the longer an egg is held, the more evaporation takes place, which subtracts from its vitality.

Moreover, in holding eggs there is always the danger of unfavorable influences being at work. For instance, if the eggs are stored in too low a temperature the chilling is likely to injure them. If they are held where it is too warm, the development of the embryo is likely to start and later cease, which means a dead embryo.

Eggs set the same day they are laid usually hatch about eighteen hours earlier than those kept two weeks. As a rule, eggs held more than a week lose hatching power, though tests have been made at experiment stations which show that under proper conditions eggs can be kept a month and still hatch well.

In cold weather hatching eggs should be gathered several times a day to prevent chilling, and in hot weather they should be collected at frequent intervals to prevent heating. Do not allow the eggs to remain in the nests for long periods, during which time they are covered by a number of laying hens, since each hen contributes warmth which may start the development of the embryo.—H. A. Roberts.

### Women Who Paint Practice Deceit, Reformer Thinks

(By the Associated Press)

SAN FRANCISCO, Jan. 25.—Women who powder their noses, touch up their hair with a bit of golden glint or add the bloom of youth to their cheeks are positively dishonest, Evangeline Booth, national commander of the Salvation Army, declared while here recently.

Women use "makeup" to deceive, Miss Booth said. "A woman has no right to fool the world," she added. "The woman with blazing cheeks, indigo eyes and carrot hair is a cheat."

Many divorces are caused by the fact that women have attempted to deceive their husbands regarding their appearance, she thinks. Man, she added, wants women as nature intended they should be.

The enormous sale of cosmetics in the United States is a disgrace to the country, Miss Booth feels. "If our young women of today would only take the money they use for paint and powder, and buy milk for the poor, starving babies of the world, they wouldn't need an artifice to make themselves attractive," she said. "In their cheeks would be the hue of joy that comes from the heart and in their eyes the light that comes only from giving service to the world."

Miss Booth thinks moderation and utility should be the guide when it comes to clothes. Following the style of the Salvation Army, she says, skirts should be five or six inches above the ground.

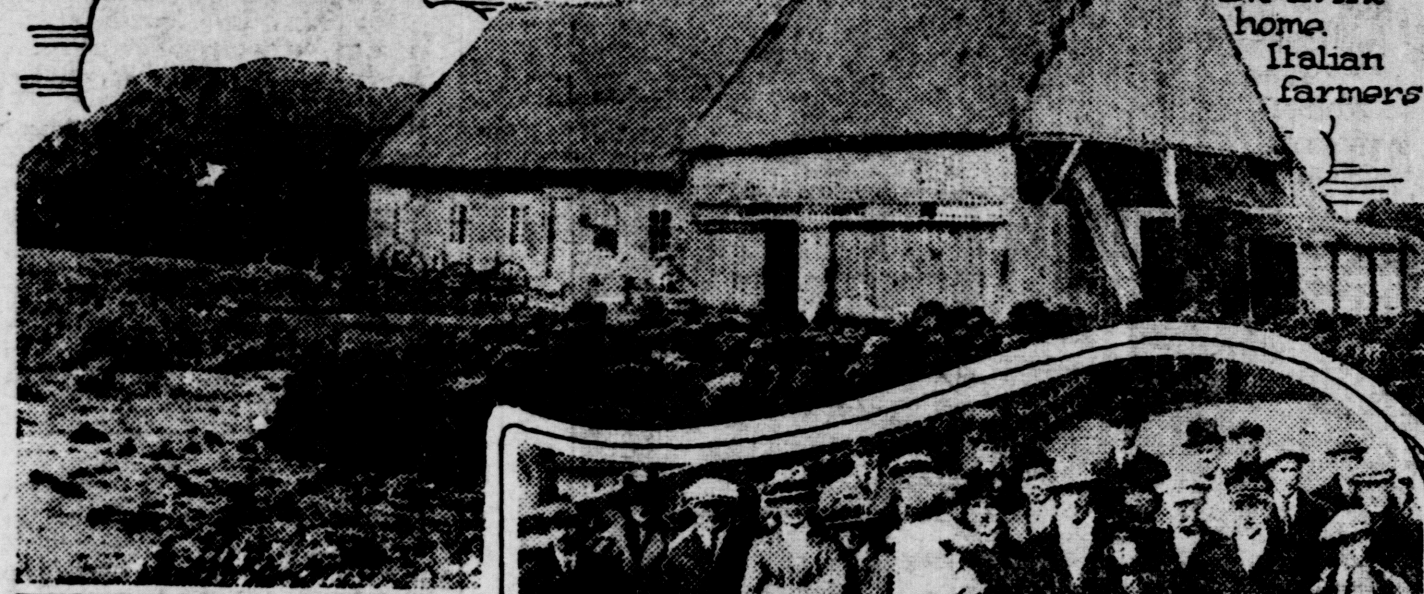

"Too many women today destroy their true womanliness by immodest dressing and they have only themselves to blame when their characters are questioned," she asserted.

Let a News Want Ad get it.

## CANADIAN LEADERS URGE OPEN GATE TO WORTHY IMMIGRANTS

Two family home in Venice, an Italian settlement in northern Alberta

Farm buildings and fuel supply of peat of Russian settlers in southern Manitoba

In pre-war days immigration flowed toward America from the four ends of the earth. This tide was dammed by the war and its resumption retarded by after-war conditions. Both Canada and the United States erected legislative barriers as to quantity, quality and kind.

Canadian leaders now declare that so far as Canada is concerned, the barriers must be raised and immigration encouraged. Lord Shaughnessy, under whose administration as its president, the Canadian Pacific Railway performed miracles of colonization and development for Canada, says: "We must have immigration. We have had very little since 1914. On the contrary, I am afraid we have lost somewhat. Then, after the war, the natural feeling that grew out of the war encouraged the placing of restrictions on immigration that have been most disastrous in their results. We must have

A personally conducted C.P.R. land party arriving at St. John, N.B., from England

settlers from all over the world, not artisans, but men who will go out on our land, to our forests and to our fisheries and help to develop these resources. There must be an insistent demand upon Parliament to pass legislation that will open the doors to them to a reasonable extent and will permit them to come in."

No man in Canada knows better than Lord Shaughnessy—himself an immigrant from the United States—what the immigrants of various countries have contributed to the Dominion's wealth and welfare. There are thriving colonies of Ukrainians, Poles, Hungarians, Swiss, Dutch, Scandinavians and

Welsh, in addition to many of these nationalities that have been merged into mixed communities. Between 1900 and 1915, Canada absorbed 256,942 immigrants from the Central Powers and less than 100 have come in during the succeeding years. Canada realizes the value of worthy immigrants, no matter whence their origin, and the first steps are being taken to open her gates to all such. One of these steps is the presence of Col. J. S. Dennis, Chief Commissioner of the Canadian Pacific Department of Colonization and Development, in Europe for the purpose of stimulating and assisting immigration to Canada.

### INCOME TAX IS MADE PLAIN TO PAYING PUBLIC

**Income Tax in Nutshell.**  
WHO? Single persons who had net income of \$1,000 or more, or gross income of \$5,000 or more. Married couples who had net income of \$2,000 or more, or gross income of \$5,000 or more.

WHEN? March 15, 1922, is final date for filing returns and making first payments.

WHERE? Collector of internal revenue for the district in which the person lives, or has his principal place of business.

HOW? Full directions on Form 1040A and Form 1040; also the law and regulations.

WHAT? Four percent normal tax on taxable income up to \$4,000 in excess of exemption. Eight percent normal tax on balance of taxable income. Surplus from 1 percent to 65 percent on net incomes over \$5,000 for the year 1921.

No. 1.

**Income-Tax Facts.**

Thousands of letters have reached the Bureau of Internal Revenue relative to changes in revenue legislation. Taxpayers desire to know the benefits to which they are entitled

under the revenue act of 1921 by way of increased exemptions, lowered surtaxes, and allowances for deductions for business expenses, losses, contributions, and bad debts.

The purpose of the Bureau of Internal Revenue is to answer the questions presented in a series of newspaper statements, of which this is the first. Taxpayers are advised to preserve the articles as they appear, in order that when they begin preparation of their income-tax returns for the year 1921 they must have before them a comprehensive summary of the requirements of the new revenue act.

To the person of moderate income, probably the most important change is the exemptions, or credits. Under the revenue act of 1921 a married person or head of a family whose net income for 1921 was \$5,000 or less is allowed a personal exemption of \$2,500. If the net income is more than \$5,000, the personal exemption is \$2,000. The exemption allowed a married person or head of a family under the revenue act of 1918 was \$2,000, regardless of the amount of net income. Exemptions for dependents, also, are increased from \$200 to \$400. Thus, a married man with three children whose net income for 1921 was \$4,000, will pay this year an income tax of \$12. On the same income for

1920 he paid a tax of \$56.

Husband and wife living together receive but one personal exemption (\$2,500 or \$2,000 as the case may be). If they make separate returns, the exemption may be taken by either or divided between them.

### SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out.

\* Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Menthosulphur. The pimples seem to dry right up and go away, declares a noted skin specialist. (adv)

Nothing has every been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Menthosulphur and use it like cold cream. (adv)

### TWO WIVES IN "LOVE NEST" SHARE HUSBAND'S WORRY AS HE AWAITS VERDICT THAT SENDS HIM TO PEN AS BIGAMIST

The Long home, the "love nest" at New Albany, Ind., and Willard W. Long, receiving the affections of Marjorie McFall Long, his second wife, left, and Mrs. Mary Lee Long, his first wife, in the judge's rooms while the jury arrived at its verdict.

Willard W. Long's little love nest at New Albany, Ind., will have to get along without him for from two to five years. A jury in Floyd county circuit court, New Albany, Ind., has found him guilty of bigamy, and Judge Paris of that court has sentenced him to serve from two to five years. Until the law is changed, Long was living with

Mrs. Mary Lee Long, his first wife, thirty-six, and his second wife, Marjorie McFall Long, nineteen. The three had solved

the technicalities of the situation by mutually agreeing that Mrs. Mary Lee Long was "at the throne of God."

## Goodbye Boils!

S. S. S. Will Rid You of Boils, Pimples, Blackheads and Skin Eruptions.

A boil is a volcano—your blood is so chock full of poisons that these "boils" erupt into a boil. They'll keep "boiling up" until you destroy them completely by the use of S. S. S., one of the most powerful blood-purifiers known to science. S. S. S. has stood the test of time. The power of its ingredients is acknowledged by authorities. Its medicinal ingredients are guaranteed to be purely vegetable. Right off, it cleans the skin of pimples, boils, blotches, blackheads, acne, eczema, rash and other skin eruptions, and does it thoroughly. It drives out of the blood impurities which cause rheumatism, makes the blood rich and pure builds up lost flesh. It helps to manufacture new blood cells—that's one of its secrets. S. S. S. is sold at all drug stores in two sizes. The larger size is the more economical.

Are you "up to the neck" in blood impurities? S. S. S. is one of the greatest blood-purifiers known. Try it.

society, they would grow interested enough to sport good games from out of town. To have a good live association it will take the support of the city and not that of only a few boosting business men. I believe that such an association would be worth many times the small amount of money it will take to run it.

## Corruption of Jury Box Causes Ardmore Judge To Stop Case

ARDMORE, Jan. 25.—Following the sustaining of a motion to quash the jury panel and purge the jury box in district court here by Judge Oldfield, late yesterday, District Judge Thomas W. Champion yesterday dismissed the present sitting of district court, saying that he believed that the motion also made void the panel first drawn from the box.

At the time of dismissal a jury was out on the case of Pat Whitfield, a deputy sheriff under Garrett, charged with murder. It was recalled.

DURANT—Percy Hemus, famous American baritone, and his troupe of Metropolitan singers presented "The Impresario," a musical comedy, Monday night, in the auditorium of the Southwestern State Teachers' college. Hemus also addressed the Durant Lions club at its noonday luncheon.

## Interest Now Keen For Bout Thursday At Legion Quarters

Eagerness filled sport circles here today as Arch Cooper local middleweight boxer, was completing his training for an 8-round bout at the American Legion hall tomorrow night with "Battling" Fox, Shawnee champion. The scrap will be the principal event in a sport carnival to be given by Norman Howard post of the Legion.

Attendance at the fight will by no means be limited to former service men, according to an announcement this afternoon. The general public is urgently requested to attend.

Numerous preliminaries will lead up to the big event. Hagiebeck and "Jack Dempsey" Sparks, the latter Cooper's trainer, will go in for five rounds of middleweight boxing. John Baker will mix with Sailor Adair for four rounds in the batam. weight class. Whirlwind Grayson and One Round Hightower, negroes, will scrap in a bantamweight contest, four rounds. The comedy event of the evening will be a battle royal between five husky blacks, winner take all.

"The public is assured a first class athletic number in Thursday night's exhibition," Charlie Johnson, athletic manager of the Legion, said in a statement today.

## Garrett Is Charged With Grafting Upon Feed For Prisoners

ARDMORE, Jan. 25.—When Judge O. D. Oldfield returned to Ardmore to continue the trial of Buck Garrett, suspended sheriff, he will be asked to include two additional counts in the present charges against that official. The amended petition is now on file in the office of the court clerk, but Russell Brown, special assistant attorney general said this morning that they could not be officially entered until Judge Oldfield passed on them.

Age and Merit.  
The Famous Georgia Minstrels which comes to the McSwain theatre is one of those rare attractions that seem to improve with age. It has made its success without any of help from this or that star. It is repeating its grand triumph of the past thirty-three years, and fills the theatres nightly with wildly enthusiastic audiences with its wholesome entertainment and tumultuous applause. The managers claim to have the best company this season that they have ever assembled, numbering forty people traveling in their own pullman palace car, and with all new scenery, wardrobe and paraphernalia they give an up-to-date performance of minstrelsy. They will be at the McSwain today only.

All of the larger felines jump for their opponent's throat in attack.

## VOTING TO CLOSE TONIGHT ON C. C. DIRECTORS RACE

No votes will be received after 7 o'clock tonight in the Chamber of Commerce ballot on new directors officers of the C. C. admonished all members in a last-minute warning this afternoon.

Counting of votes will be started by the C. C. election committee at 7:30 tonight and results will be announced Thursday morning. Voting has been comparatively heavy for the last two days in the directors' race, it is understood, but a comparatively big sheet of votes is understood still to be out. These may be taken in person to the C. C. rooms.

Fourteen directors will be elected out of the 23 nominees. The seven of these 14 receiving the greatest number of votes will be installed for two years' service as directors. Others will serve for one year. The new board will meet in about 10 days to select officers for the Chamber.

Program of work sheets have been sent out to all members of the C. C. who were unable to attend the group meetings at the First Baptist church last Friday night. These must be returned within the next few days as a tabulation of the suggestions listed on the sheets is scheduled to be completed soon.

## How Yeast Vitamon Tablets Put On Firm Flesh

Strengthen The Nerves and Invigorate The Body—Easy and Economical To Take—Results Surprisingly Quick.

If you want to put some firm, healthy flesh on your bones, increase your nerve force and power, clear your skin and complexion and look and feel 100 per cent. better, simply try taking two of Mastin's tiny VITAMON Tablets with each meal and watch results. Mastin's VITAMON Tablets contain highly concentrated yeast-vitamins as well as the two other still more important vitamins (Fat Soluble A and Water Soluble C) and are now being used by thousands. Mastin's VITAMON Tablets never cause gas or upset the stomach but, on the contrary, improve digestion. Be sure to remember the name—Mastin's VITAMON—the original and genuine yeast-vitamine tablet. There is nothing else like it, so do not accept imitations or substitutes. You can get Mastin's VITAMON Tablets at all good druggists.

Are Positively Guaranteed to Put On Firm Flesh, Clear the Skin and Increase Energy When Taken With Every Meal or Money Back

if it isn't MASTIN'S it isn't VITAMON

## SECOND DAYLIGHT ROBBERY IN WEEK

Unmasked Men at Parkhill Thought Same That Made Hulbert Holdup.

(By the Associated Press)  
TALHEQUAH, Jan. 25.—The second daylight bank raid in Cherokee county since last Friday occurred at Parkhill, four miles south of here, at 9:30 o'clock this morning when the Farmers State Bank was held up by two unmasked men who escaped with \$570, fully covered by insurance, after forcing Cashier T. L. Ballenger, to accompany them to their horses in the rear of the bank.

This is the second time the bank has been robbed in three years. The former raiders obtained \$985 in a daylight haul.

The First National Bank of Hubert, robbed last Friday, lost \$2,862.26. Two men executed the robbery while a third stood guard outside with their horses.

Officers expressed the opinion that the Hulbert robbers raided the Parkhill bank. Description of the Hulbert outlaws are said to closely resemble those of the men who held up the Parkhill bank.

Information received at the sheriff's office was to the effect that about two miles from Parkhill the robbers were seen urging their horses at a high rate of speed and that the horses showed signs of fatigue.

St. Louis Bank Robbed.  
ST. LOUIS, Jan. 25.—The Lone Pine Bank in the outskirts of the city was robbed today of \$2,600 by three bandits who escaped.

## HALF A CENTURY

Oklahoman Praises Black-Draught, Having Used It "Can Safely Say for 50 Years."

Grandfield, Okla.—One of the best known farmers of Tillman county, Mr. G. W. Tisdale, who owns and manages a wagon yard here, says:

"I have used Thorford's Black-Draught—I believe I can safely say for fifty years."

"I was born and reared in Texas, Freestone county, sixty-four years ago. I have been married forty-four years. My father used Black-Draught before I was married, and gave it to us. . . . For forty-four years of my married life, it has had a place on our medicine shelf, and is the only laxative, or liver medicine, we use. We use it for torpid liver, sour stomach, headache, indigestion. . . . I don't think we could get along without it, knowing what it has done for us, and the money it has saved. It is just as good and reliable today as it was when we began its use. My boys use it and they are satisfied it's the best liver medicine they have ever used."

Thorford's Black-Draught is purely vegetable, not disagreeable to take and acts in a prompt and natural way. So many thousands of persons have been benefited by the use of Thorford's Black-Draught, you should have no hesitancy in trying this valuable old well-established remedy, for most liver and stomach disorders. NO-139b.

## PRESIDENT COMPLIMENTS JUDGE JOHN BARTON PAYNE, CHAIRMAN OF THE AMERICAN RED CROSS

"One of the ablest, most far-seeing, and whole-souled Americans in public or private life."

To have that said about you by the President of the United States is a somewhat unusual tribute. The man President Harding was talking about is Judge John Barton Payne, Chairman of the American Red Cross.

President Harding, by virtue of his office, is ex-officio President of the Red Cross. Judge Payne, the man who directs its affairs, is Chairman of the Central Committee.

The President had finished presiding at the recent annual Red Cross meeting when, just before laying down the gavel, he said:

"I cannot leave without just one word. You are aware that it became the duty of the President to name the Chairman of your Central Committee. I want to make acknowledgment before you of my gratitude to the distinguished gentleman who has taken that responsibility. I refer to our good friend, Judge Payne. We do not agree in politics and he shows me no more respect on the golf course than a superior player ever shows to the duffer. But I look upon him as one of the ablest, most far-seeing, and whole-souled Americans in public or private life. When I asked him to accept this responsibility of unselfishness and this commitment to noble work, he was good enough to comply. And I want to take this occasion to tell him how grateful I am that he came to the aid of the Executive, in making it possible to bring one of the first Americans to that noble service."

Judge Payne's long record of service, to which the President referred, began in West Virginia, where he began the practice of law. Later, he practiced in Chicago, where he became judge of the Superior Court of Cook county. With the outbreak of the war he was called in to administer several

Important posts at Washington—under President Wilson, to the United States Shipping Board, then Director General of Railroads, then Chairman of the Shipping Board,

and later Secretary of the Interior, under President Wilson. Judge Payne is a native of Virginia. It is understood he is serving the Red Cross without salary.

## NEGRO PLAYERS ARE BEATEN AND RUN FROM MIAMI

(By the Associated Press)  
MIAMI, Fla., Jan. 25.—Guarded by a escort of police, six members of a negro orchestra who had been employed at a tourist hotel here, were taken today to a suburb and put on a train bound for their home town in Columbus, Ohio. The musicians last night were lured to the outskirts of the city and beaten by a gang of men, who told them to leave Miami in 24 hours. Some of their instruments were destroyed.

The police claimed to be without information as to the identity of any of the party issuing the warning.

Several complaints, it was reported, had been made to the police that the negroes had not conducted themselves in accordance with southern customs, had sought to mingle with white people in public parks and public entertainments and that the leader of the orchestra on one occasion left his place with the orchestra and stepped on the floor to direct a new dance.

The colored orchestra was the only band of negro musicians employed in the white section of the city. The hotel has telegraphed for a white orchestra to take their places.

Some of the weights of peace are enough to fight over.

## Wealthy Oil Man Leaps From Roof To Die in Street

Tulsa, Jan. 25.—Mark Q. Chase 55, oil man, formerly of Marion, Ohio, died at a hospital this morning from a crushed skull sustained when he leaped from the roof of a local hotel and fell three stories, landing on the street across from the postoffice in the down town business district.

Chase was well known throughout the oil industry and a few years ago was reputed to be a wealthy producer. It is thought by the police and friends that he took the fatal jump while suffering from temporary mental derangement.

According to Mrs. Chase, her husband had been in an unusual cheerful state of mind the last few days, having only Saturday embraced a religious faith.

Mrs. Chase was formerly Miss Ethel C. Clark, of a prominent Marion, Ohio, family. Chase lived his boyhood there and is said to have been an intimate friend of President Harding. He at one time lived at Wichita, Kan.

COTTON SELLING BY CO-OPERATION SHOWN FEASIBLE

WASHINGTON, Jan. 25.—Cooperation in the central rehabilitation of Europe, extension of credit to foreign buyers through the federal reserve system, and perfecting the co-operative marketing idea were among remedies for the existing agricultural depression recommended today by speakers before the national agricultural conference. The speakers were unanimously of the opinion that sound marketing policy was of equal importance as one governing production.

Recommendation for the repeal of the commonly known guaranty clause of the transportation act and return to the state railway commissioners of control over state rates, was voted by a sub-committee on railway transportation of the general transportation committee of the conference.

WASHINGTON, Jan. 25.—Governor Parker of Louisiana, addressing the agriculture conference today, proposed as a means of combatting the present farm depression the opening of a foreign export market through extension of long time loans to foreign buyers through the federal reserve system.

Governor Parker told the conference that his plan "would afford almost instant relief, would mean the employment of many American ships for carrying to these nations the cotton, giving employment and foodstuffs to keep many of them from starving, would add to the value and activity of the merchant marine, would put energy and spirit into business, and bring to the United States the good will of all of the old nations."

Carl Williams of Oklahoma City, discussed the marketing of cotton through co-operative organizations declared such organizations had handled more than \$50,000,000 worth of cotton this season and "are apparently well on the way towards becoming permanent in the south."

The associations already doing business, Mr. Williams said, are situated in Oklahoma, Texas, Mississippi and Arizona, with "huge organizations," ready for business in Arkansas and North Carolina and organization work under way in Georgia, South Carolina, Tennessee and Louisiana.

PRYOR—The play "Cheer Up" given by the American Legion at the high school auditorium netted the legion about \$200. One of the features of the entertainment was the chorus composed of high school girls.

## Record Sums Asked In Damage Actions Filed For Hearing

Suits asking more than \$150,000 in damages have been filed this week in the district court here, records show. A record number of cases for a week's time, and in order that all insured parcels money involved, for this year, had been filed when the court clerk's books closed last night.

New cases entered include three centering against Charles E. Schafr, receiver for the Missouri, Kansas and Texas railroad, for alleged carelessness of employees of the road as a cause of the fire which in March, 1921, destroyed a warehouse and cotton in Oklahoma City. These cases have as their plaintiffs, Ed J. Coyle and the Great American Insurance company, the Interstate Compress company, and O. K. Unglesby, et al.

The St. Louis and San Francisco railway is suing D. W. Swaffar, county treasurer, for recovery of taxes. Other new suits filed are Floyd Collins vs. Marye Collins, divorce; American Investment company vs. W. L. McKinley, et al, foreclosure; A. Doner vs. J. W. Roschal, debt on note; Oklahoma Light and Power company vs. H. G. Hensler, money due; Goodyear Tire company vs. Grant Irwin garage, recovery of money; R. T. Pettigrew vs. Arch Pettigrew, restraining order; Parkersburg Rig and Reel company, foreclosure of lien; A. F. Wright vs. City of Ada, recovery of money; and O. C. DeMoss vs. Bessie Lee DeMoss, divorce.

## Insured Parcels To Be Receipted Like Registered Mails

Beginning February 1, all insured parcels will be handled in the same manner as registered mail, according to a postal bulletin received at the Ada office and made public today by Wilbur Lee, assistant postmaster.

Receipts will be taken for insured mail to serve as a post office record of delivery, except when delivered by city carriers. Receipts will be obtained for all insured mail delivered by rural and village delivery carriers and all insured mail delivered at post offices and stations either by desk delivery or through general delivery, the instructions said.

These receipts will be kept in the office for at least a year, it is specified, and when claims for indemnity have been started, the particular receipts involved will be retained until the claims are settled. Postmasters will see that all parcels received for delivery are examined for evidence of insurance in order that all insured parcels may be detected and receipts obtained when delivered by other than city carriers.

## Jackson Day Dinner Brings Demo Chiefs Swarming to Dayton

(By the Associated Press)

DAYTON, Jan. 25.—The annual Jackson Day dinner scheduled for tonight in Dayton, the home town of James M. Cox, the party's presidential candidate in 1920, has practically resulted in turning into a miniature convention of leading democrats of the state and nation.

One train from the east brought Senator Alice Pomerene and Pat Harrison and Joseph Tamulity, former secretary to Woodrow Wilson.

E. H. Moore, of Youngstown, the Cox pro-convention manager, and George White, of Marietta, Ohio, former democratic national chairman, were expected later.

The dinner will mark the first public appearance of former Governor Cox since the candidate days. Senator Pomerene in his talk, is expected to discuss the Newberry case.

## This Pure Cream Stops Head Colds

Apply in Nostrils—It Opens Air Passages Instantly.

Colds and catarrh yield like magic to soothing, healing, antiseptic cream that penetrates through every air passage and relieves swollen, inflamed membranes of nose and throat. Your clogged nostrils open right up and you breathe freely. Hawking and snuffling stop. Don't stay stuffed up and miserable. Get a small bottle of Ely's Cream Balm from your druggist. Apply a little in the nostrils and get instant relief. Millions endorse this remedy known for more than fifty years. (adv)

## 82 Years Old and As Good As a Youngster

"7 or 8 years ago I was a very sick man. Doctors said catarrh trouble of stomach and bowels, affecting the liver and heart. For more than a year I wanted to die, but could not. Upon the advice of a friend I tried Mayr's Wonderful Remedy, and although 82 years old I now feel as good as a youngster." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Gwin & Mays and druggists everywhere. (adv)

## Experience Proves Quinine In Capsules Unreliable

Several years ago a doctor called at my drug store and stated that he was getting no effect from quinine given in capsules to Mrs. . . . I answered "This is reasonable as quinine in capsules as well as pills and tablets is sometimes passed by the patient unchanged. Upon investigation he found this to be the case with this particular patient and was compelled to give quinine in liquid form to get any results." J. C. Mendenhall, 46 years a druggist, Evansville, Ind., Mendenhall's Chill & Fever Tonic is in solution quickly absorbed by the stomach so pleasant to the taste that children will ask for it. Made with and without arsenic. Sold by Gwin & Mays Drug Co. (adv)

## ADA TESTIMONY

Home Proof, Here, There and Everywhere.

When you see Doan's Kidney Pills recommended in this paper you most always find the recommender an Ada resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this ada recommendation. Then insist on having Doan's. You will know what you are getting.

Z. T. Henderson, retired, 228 E. 10th St., says: "My experience with Doan's Kidney Pills has been very satisfactory. I have taken them at different times when my kidneys have needed attention and have always found that Doan's do just what is claimed for them. I would say to anyone in need of a kidney medicine. 'Take Doan's kidney Pills.'"

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Henderson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)
